

## Research Project Survey

The library committee is gathering data on resources used in middle and high school research projects. This short, online survey will take approximately ten minutes to complete. All responses will be anonymous. The librarian will compile and share the results with the administration and staff in order to find ways to improve access to credible research materials and ways that the library program can better assist middle and high school learners. Thank you for your time and candid responses.

1. I am in (6th, 7th, 8th, 9th, 10th, 11th, 12th) grade
